CERAMICHE

01.

La rappresentazione
inedita di un materiale
d'architettura.

The original
representation of a
material for architecture.

Introduction.

Il materiale simbolo dell'architettura moderna ispira un'operazione concettuale che, tra campiture pure e pattern decorativi, celebra l'estetica del cemento.

Con Concreto Lea Ceramiche mette a punto una collezione ceramica integrale, articolata su tre spessori, su più finiture e più formati. Il decoro Zoom si addentra nella natura organica del cemento per scoprirvi imprevedibili geometrie naturali e farne ora tappeti grafici ora una rivisitazione inedita delle tradizionali cementine.

Un progetto estetico che plasma il carattere di ogni ambiente: spazi più intimi e privati, luoghi di lavoro o di rappresentanza, il soggiorno en plein air e la cucina. Colori del fondo, abbinabili in modo armonico, e decorazione sono le coordinate sulle quali convergono minimalismo e design.

The symbolic material of modern architecture inspires a conceptual operation which, between pure backgrounds and decorative patterns, celebrates the aesthetics of concrete.

With Concreto, Lea Ceramiche has developed a full ceramic collection, divided into three thicknesses, with multiple finishes and multiple formats. The Zoom decoration explores the organic nature of concrete to discover unpredictable natural geometries, creating patterned carpets and a new take on traditional cement tiles.

An aesthetic project that shapes the character of every environment: more intimate and private spaces, work or formal environments, the outdoor living room and the kitchen. Plain colours, which can be harmoniously combined, and decoration are the coordinates on which minimalism and design converge.

Fabio Novembre nasce a Lecce nel 1966. Nel 1984 si trasferisce a Milano dove si laurea in Architettura al Politecnico. Nel 1992 si sposta a New York dove frequenta un corso di regia cinematografica presso la New York University. Nel 1994 torna a Milano e apre il suo studio. Progetta architettura e interni per i più importanti brand internazionali. Collabora con le più grandi aziende italiane di design.

Fabio Novembre was born in Lecce in 1966. In 1984 he went to Milan, where he graduated in architecture at the Politecnico. In 1992 he moved to New York, where he studied filmmaking at the New York University. In 1994 he returned to Milan and established his studio. He has designed works of architecture and interior for the most important international brands and has collaborated with the most renown Italian design companies.

La collaborazione tra Lea Ceramiche e Fabio Novembre nasce nel segno dell'ammirazione reciproca e prende forma nella collezione Concreto, fondata su colori abbinabili in modo armonico e su un'ampia scelta di decori. L'estetica del cemento ispira dunque un'operazione concettuale incentrata sul materiale simbolo dell'architettura moderna e sull'acqua. Per Fabio Novembre questo elemento cruciale del composto cemento è infatti "uno spunto di partenza meraviglioso". Dell'acqua gli interessa "la maniera in cui reagisce naturalmente, organicamente con il cemento".

E proprio dall'esplorazione di questa interazione scaturiscono i pattern decorativi, ora più discreti e ora più esibiti, della collezione. Tra essi Zoom connota in modo decisivo la personalità della serie: "E' come se la materia possedesse al suo interno una carta d'identità, dei codici naturali che la inquadrano e la descrivono. Zoom diventa un artificio che consente di penetrare la natura del cemento e delle sue componenti organiche, un potente microscopio che ci permette di analizzare le imprevedibili geometrie della natura."

The collaboration between Lea Ceramiche and Fabio Novembre, which is rooted in mutual admiration, takes shape in the Concreto collection, based on colours that can be harmonically matched and on a wide selection of decorations. The aesthetics of concrete inspire a conceptual operation focused on the symbolic material of modern architecture and on water. For Fabio Novembre this crucial element of concrete is in fact "a wonderful starting point". He is interested in "how water reacts naturally and organically with concrete".

It is the exploration of this interaction that results in the decorative patterns, which vary from discreet to flamboyant. Among these, Zoom boldly defines the personality of the series: "It is as if the material has an identity card within it, natural codes that frame it and describe it. Zoom becomes a tool that allows us to penetrate the nature of concrete and its organic components, a powerful microscope that allows us to analyse the unpredictable geometries of nature."

02. Mix naturale e variante

Al consueto mosaico a tessere di fondo ceramico si aggiungono le geometrie illusorie di Cube. La superficie sviluppa tridimensionalità all'interno dei confini dell'esagono, dove fondo e varianti giocano con la prospettiva.

The typical plain ceramic tile mosaic is combined with the illusory geometries of Cube. The surface develops three-dimensionality within the confines of the hexagon, in which plain tiles and variants play with perspective.

The Collection.

Slimtech Concreto

Continuità e pulizia delle superfici, verticali e orizzontali; pareti monolitiche, pavimenti che dilatano gli ambienti, arredi: Slimtech Concreto dispiega le infinite possibilità delle grandi lastre di gres porcellanato sottile. E alle suggestioni del cemento i complementi decorativi sovrappongono frammenti d'oro e tracce imprevedibili di un elemento vitale come l'acqua, nella sua naturale, organica interazione col cemento.

Continuous, clean surfaces, both vertical and horizontal; monolithic walls, floors that expand spaces, furnishings: Concreto Slimtech unveils the infinite possibilities of large slabs of thin porcelain stoneware. The decorative accessories combine concrete references with fragments of gold and unpredictable traces of water, a vital element in its natural, organic interaction with concrete.

Concreto and Zoom

Pavimenti per interni ed esterni, mosaici e le suggestioni organiche inscritte nei pattern grafici di Zoom; ma anche pavimenti spessorati L2 per ambienti en plein air. La versione in gres porcellanato amplia le potenzialità della collezione con un articolato set di strumenti ceramici. Tra essi è Zoom a rivelare i tratti più insospettati della personalità di Concreto: ai quattro tappeti decorativi mono-soggetto si affianca il mix di motivi che reinventa le tradizionali cementine di piccolo formato.

Indoor and outdoor floors, mosaics and organic features inscribed in the graphic patterns of Zoom; as well as thick L2 floors for outdoor environments. The porcelain stoneware version expands the collection's potential with a cohesive set of ceramic tools. Of these, it is Zoom that reveals the most unexpected traits of Concreto's personality: the four single-subject decorative carpets are combined with a mix of motifs that reinvents the traditional small-format cement tiles.

04a.

Alla ricerca di un rapporto più intimo con la materia, Zoom agisce come un potente microscopio: osserva la struttura del cemento e porta in superficie tracce della presenza d'acqua. L'interazione di questo elemento con la materia genera imprevedibili pattern grafici che Zoom, con tratto vigoroso, e come da una prospettiva macro, ingigantisce.

In search of a more intimate relationship with the material, Zoom acts as a powerful microscope: it observes the structure of concrete and brings traces of the presence of water to the surface. This element's interaction with the material generates unpredictable graphic patterns which Zoom, with a vigorous effect, and from a macro perspective, magnifies.

Lo spazio di lavoro si apre a connotare il contesto. Uno studio dalla personalità spiccata, basato sulla continuità estetica tra superficie interna ed esterna e sull'armonico accostamento di tonalità di grigio, colore cardine dell'estetica del cemento.

The workspace opens up to characterization. A study with a strong personality, based on aesthetic continuity between the internal and external surface and on a harmonious combination of shades of grey, the key colour of concrete aesthetics.

Con la sua variegata vivacità, Zoom suggerisce l'idea di movimento. I tappeti grafici mono-soggetto bilanciano l'imponenza riservata delle grandi lastre sottili. In Zoom Mix la prospettiva macro incontra il piccolo formato. Il pattern decorativo si fa più mosso e più contrastato: scompone e ricompone l'intera paletta cromatica della collezione.

With its varied liveliness, Zoom evokes the idea of movement. The single-subject patterned carpets balance out the reserved grandeur of the large thin slabs. In Zoom Mix, macro perspective meets small format. The decorative pattern becomes more blurred and contrasting: it breaks down and reassembles the collection's entire colour range.

Zoom rivela una sintonia perfetta con lo spirito della collezione, ma anche uno scarto, che sorprende e intriga. In cucina la luce che cala dall'alto si fa via via più intima. Le superfici lappate, la pulizia dei volumi e il piano di lavoro monolitico rendono protagonista l'essenzialità della materia. Nei grandi formati in gres porcellanato e nelle campiture possibili grazie alle lastre di Slimtech il cemento si conferma un potente strumento di design.

Zoom conveys perfect harmony with the spirit of the collection, as well as a deviation that surprises and intrigues. In the kitchen, the light that descends from above becomes gradually more intimate. The honed surfaces, clean volumes and monolithic worktop accentuate the material's essential nature. In the large porcelain stoneware formats and in the backgrounds made possible by the Slimtech slabs, concrete remains a powerful design tool.

Grafica e geometria si inseguono a vicenda. La texture intacca la forma mentre questa cerca di imporre una tridimensionalità illusoria. Un alternarsi incessante che solo la vivacità del riflesso attenua, sposta sullo sfondo.

Graphic elements and geometrical features pursue each other. Texture affects shape as it tries to impose an illusory three-dimensionality. An incessant alternation that only the brightness of the reflection diminishes, moving it to the background.

P R () T E C T

L'esclusiva tecnologia Panariagroup per pavimenti e rivestimenti antibatterici ad altissime performance. Per un abitare sano, sicuro e protetto.

The exclusive Panariagroup technology for antimicrobial floor and wall coverings with the highest performance. To live healthy, safe and secure.

Azione potente.
Elimina i batteri e ne impedisce la proliferazione
Powerful action.
Eliminates microbes and prevents their reproduction

Efficacia eterna.
Grazie alla tecnologia integrata in modo permanente nel prodotto
Eternal effectiveness.
Thanks to the technology permanently integrated into the product

Protezione continua.
Sempre attivo, 24 ore su 24, con e senza luce solare
Continuous protection.
Always active, 24 hours a day, with and without sunlight

LASTRE CERAMICHE SOTTILI DI QUALITÀ SUPERIORE.

Gres porcellanato laminato in grande formato: un materiale leggero, versatile e resistente per nuove prospettive progettuali nel mondo dell'architettura e dell'abitare.

/ SUPERIOR QUALITY THIN CERAMIC SLABS.

Large-sized laminated porcelain stoneware: a light, resistant and versatile product for new design perspectives in the world of architecture and housing.

1. Massimi standard qualitativi e prestazionali. Grazie all'utilizzo di materie prime pregiate

/ Highest standards in quality and performance. Thanks to the use of the best raw materials

2. Lastre supercompatte ed elastiche. Grazie a un processo di pressatura unico

/ Highly compact and elastic slabs. Thanks to a unique pressing process

3. Eccellente resa estetica dei materiali. Grazie a tecniche esclusive di lavorazione delle superfici

/ Excellent aesthetic look of the products. Thanks to exclusive surface treatment technologies

4. Straordinaria extra-resistenza. Grazie al rinforzo in fibra di vetro

/ Extraordinary added resistance. Thanks to the reinforcing fibreglass mesh

5. Alta sostenibilità ambientale. Meno materie prime utilizzate, minor consumo di acqua ed energia, minori emissioni di CO₂

/ Highly Eco-friendly. Less raw materials used, lower water and energy consumption and lower CO₂ emissions

Formati / Sizes (cm)

6mm

Sottile e resistente.

Thin and resistant.

3.5mm

5.5mm

Ultrasottile e ultrasensibile. Con rinforzo in fibra di vetro.

Ultra-thin and ultra-resistant. With fibreglass mesh reinforcement.

Caratteristiche tecniche / Technical characteristics

Gres porcellanato laminato UGL /Laminated porcelain stoneware UGL SLIMTECH 6mm		Conforme/according to: ISO 13006 G (Gruppo/Group Bla) EN 14411 G (Gruppo/Group Bla) ANSI A137.3	
	Metodo di prova /Test method	Requisiti prescritti /Required values	Valori medi /Average values
Assorbimento d'acqua /Water absorption	ISO 10545-3 ASTM C373	≤ 0,5%	0,1%
Resistenza a flessione /Modulus of rupture	ISO 10545-4 ASTM C1505	≥ 35 N/mm ² ≥ 6000 PSI	50 N/mm ² ≥ 6000 PSI
Resistenza all'abrasione profonda /Resistance to deep abrasion	ISO 10545-6 ASTM C1243	≤ 175 mm ³	Conforme/conforms
Dilatazione termica lineare /Linear thermal expansion	ISO 10545-8 ASTM C372	Requisito non previsto/No provision	$\alpha \leq 7 \times 10^{-6} \text{ } ^\circ\text{C}^{-1}$ $\alpha \leq 4.4 \times 10^{-6} \text{ } ^\circ\text{F}^{-1} / \alpha \leq 8 \times 10^{-6} \text{ } ^\circ\text{C}^{-1}$
Resistenza alle macchie /Stain resistance	ISO 10545-14 ASTM C1378	Classe/Class 3 Min. Come indicato dal produttore /As indicated by manufacturer	5 Resistente/Resistant Class A Resistente/Resistant
Resistenza all'attacco chimico* /Chemical resistance	ISO 10545-13 ASTM C650	Come indicato dal produttore /As indicated by manufacturer	LA—HA Resistente/Resistant Class A Resistente/Resistant
Resistenza al gelo /Frost resistance	ISO 10545-12 ASTM C1026	Nessuna alterazione/No alteration Come indicato dal produttore /As indicated by manufacturer	Resistente/Resistant Resistente/Resistant
Resistenza allo scivolamento /Slip resistance	DIN 51130 BCR-TORTUS ANSI A326.3	—	R10 $\mu > 0,40$ DCOF ≥ 0.42
Reazione al fuoco /Fire reaction	EN 13823 EN 9239-1	CPR (UE) 305/2011, 2000/147/CE, UNI EN 13501-1	Classe/Class A1 (wall) Classe/Class A1 _{fl} (floor)
Diffusione di fiamma /Flame spread	ASTM E84	—	Classe/Class A
Stonalizzazione /Shade variation	ANSI A137/3	Come indicato dal produttore /As indicated by manufacturer	V3 Variazioni moderate /Moderate variation

Fuga minima consigliata: vedi Manuale Tecnico Slimtech/minimum suggested joint: refer to Slimtech Technical Manual.
*Ad esclusione dell'acido fluoridrico e derivati/excluding hydrofluoric acid and its derivatives

 ***EPD I prodotti Lea Ceramiche possiedono Dichiarazione Ambientale di Prodotto (EPD) specifica di tipo III, certificata da ente terzo indipendente secondo le normative ISO EN 14025 e EN 15804. Disponibile su richiesta.
 Lea Ceramiche products have a type III specific Environmental Product Declaration (EPD). This is certified by an independent third party according to ISO EN 14025 and EN 15804 standards. Available on request.

Consigli per la posa / Suggestions for laying

Per una maggiore variabilità grafica della superficie da rivestire, si consiglia di miscelare il prodotto in fase di posa. Le diverse e numerose facce del prodotto sono imballate secondo una logica randomizzata per garantire la massima variabilità in ogni collo./For a better graphic variation of the surface, we recommend to mix the product during installation. The diverse and numerous graphics of the product are randomly packaged to guarantee the best possible variation within each box.

Concreto riproduce cromie e texture cementizie leggermente direzionate. Per ottenere una resa grafica ottimale sulla superficie da rivestire nel formato 120x120, si sconsiglia la posa casuale e si raccomandano le seguenti: /Concrete recreates cement colours and textures which have a slight orientation. To obtain the best floor layout on a 120 cm x120 cm area, it is not recommended to lay the tiles randomly but to follow one of the two installation patterns below:

Destinazioni d'uso Slimtech / Slimtech intended uses

Posa a pavimento
Floor installation

Posa a parete
Wall installation

<p>Situazioni applicative sia per interventi di nuova costruzione che di ristrutturazioni con posa in sovrapposizione a pavimenti preesistenti.</p> <p>For new buildings and refurbishing, for installation on pre-existing floors.</p>	<p>IN INTERNO</p> <p>Residenziale (cucine, bagni, living, aree comuni condominiali, ed ogni altro ambiente di uso residenziale)</p> <p>Commerciale leggero (uffici, uffici aperti al pubblico, sale d'attesa, negozi, bagni, sale di ristoranti, autosaloni, bar, cinema, ambulatori, cliniche)</p> <p>Commerciale intensivo (aree comuni di centri commerciali, hall di alberghi, mense, fast food, discoteche, ospedali.) Ad esclusione di zone sottoposte al passaggio di carichi pesanti concentrati (ad es. carrelli a ruote dure)</p>	<p>IN ESTERNO</p> <p>A condizione che le superfici siano coperte (es. logge, balconi coperti, ecc.) e perfettamente impermeabilizzate. Si consiglia l'utilizzo di formati con lati non superiori a 120cm.</p>	<p>INTERIORS</p> <p>Residential (kitchens, bathrooms, living rooms, common apartment block areas and any other residential environment)</p> <p>Light Commercial (offices, offices open to the general public, waiting rooms, shops, bathrooms, restaurant dining rooms, bars, car showrooms, cinemas, surgeries/clinics)</p> <p>Intensive commercial. (common areas of shopping centres, hotel halls, canteens, fastfood restaurants, dance clubs, hospitals.) With the exception of areas subject to heavy concentrated loads (e.g. trolleys with hard wheels)</p>	<p>EXTERIORS</p> <p>Upon condition that surfaces are sheltered (e.g. loggias, covered balconies, etc.) and made totally impervious. We recommend the use of sizes that have sides not exceeding 120cm.</p>	<p>Situazioni applicative sia per interventi di nuova costruzione che di ristrutturazioni con posa in sovrapposizione a pavimenti preesistenti.</p> <p>For new buildings and refurbishing, for installation on pre-existing floors.</p>
	<p>IN INTERNO</p> <p>Qualunque ambiente residenziale e commerciale.</p> <p>INTERIORS</p> <p>Any residential and commercial environment.</p>
